THE GENEVA NURSERIES

A New York Tribune representative
recently had occasion to visit the well-
known and justly celebrated "Geneva
Nurseries," which are situated near the
village of Geneva, Ontario County, N.
Y., and now extend over an area of 500
acres.

These Nurseries were established in
the year 1846 by Messrs. William and
Thomas Smith, the present proprietors,
and are now the largest in the country.

A thorough inspection of the various
departments of these Nurseries evinces
the fact that every possible care and
precaution is taken in the dissemination
of varieties, and so thorough is the sys-
tem that it is almost impossible for an
error to occur.

This is an all-important point for the
public, for it insures to them that what-
ever they may purchase from W. & T.
Smith will be true to name.

Immense packing sheds and cellars
have been erected for the packing of
seeds and plants, and no expense or
labor has been spared to provide facili-
ties to insure the handling of the stock
in the best possible manner.

The Messrs. Smith cultivate an im-
mense assortment and variety as well in
the Ornamental as in the Fruit Depart-
ment, in fact everything is grown here
that is hardy and worthy of cultivation.

To accomplish all this has taken many
years of hard work and a large outlay of
money, and all this their customers
have the benefit.

The soil is gravelly, with a heavy clay
sub-soil, particularly well adapted to the
growth of trees, which fact has been
fully proven, for they have shipped
thousands of trees to far distant sections
of the country for many years past, viz:
The Territories of Montana, Dakota,
Utah, etc., etc. A large shipment will
be made in the spring for Utah.

Trees for this remote section are
packed in boxes specially made for the
purpose, and always reach their destina-
tion in the best possible condition.

It is a notable fact that the trees
grown in the Geneva Nurseries trans-
plant better than those raised in any
other section, withstanding severe cold
and extreme heat, with no injury. The
soil produces healthy, long-lived trees,
which is of the greatest importance to
every planter. Another very important
fact is, that being furnished with a more
abundant supply of healthy, well-
ripened and fibrous roots, they bear
transplanting to a different soil and
climate much better. In the cold
Northern Territories, thriving orchards
of trees that were raised in the Geneva
Nurseries and which are now producing
beautiful fruit, prove their hardiness,
and again to the extreme South the
contra-test of their ability to stand ex-
treme heat is proven by the fact that
the Messrs. Smith have sold large
quantities of their stock for many years
past to the leading Southern nursery-
men, and it has always given the very
best of satisfaction.

The firm showed us letters from the
leading nurserymen of the country, as
well as from the leading fruit growers
and others who have dealt with them
for the last quarter of a century, all
testifying to the fine quality of the
stock and the very satisfactory manner
in which the business has been con-
ducted. No firm in the nursery busi-
ness stands higher, none is better
known, and none more deserving of
patronage.

The Retail Department now employ
over two hundred agents, and it is the
intention of the firm to largely increase
the number of their salesmen this
season.

This firm can be constantly recom-
mended, both to purchasers of nursery
stock, and to parties wanting situations,
as trustworthy in every respect.

Those seeking employment will find
them a good firm to work for, and
backed by their well-established reputa-
tion for good stock and fair dealing, an
agent who is earnest in his work can
command success. These are the only
nurseries in the country known as the
"Geneva Nurseries."

How to Consult Dr. Foote, Sen., by
Mail.

Dr. Foote, Senior, author of "Plain
Home Talk," "Medical Common
Sense," etc., etc., would say to those
who would like to consult him by mail
that they can have a list of questions
and a circular of gratuitous advice by
addressing Box 414, Salt Lake City. The
doctor has arranged to have such in-
formation supplied in this way to save
time. Receiving such printed matter
the correspondent can describe his or
her case fully and direct to the doctor in
New York. Dr. Foote is successfully
treating all forms of chronic diseases, a
specialty to which he has devoted thirty
years of study and practice. Evidence
of his success can also be had by ad-
dressing Box 414, as above, but all let-
ters of consultation and orders for reme-
dies should be addressed to Dr. E. B.
Foote, Sr., 120 Lexington Avenue, New
York City, N. Y. Consultation free.

An advertisement of Dr. Foote, Sr.,
in the Sunday and Wednesday editions
deserves attention.
